

We are leaving our COMFORT ZONE!

Renovations is making it happen!

In our last message, we told you about our BIG 50 award. Now we have been accepted into a very exclusive group of remodeling professionals many of you may have heard of:

"Rosie On The House",

a popular radio program in the Valley

92.3 KTAR; 790 KNST and now on **780 KAZM** Saturday mornings at 8:00AM

Well, this group has one of the most exclusive referral networks in our industry and Renovations is proud to be a part of it!

What is it that separates us from other remodelers? We believe it is our honest professionalism.

We do what we say we will do, when we say we will do it and it is our PRIMARY business.

If you know of ANYBODY that is even contemplating a remodeling or home improvement project, please tell them about us and just give us the chance to show our stuff!

Here is a photo of a recently remodeled kitchen,
on time, in budget!

So give "**Rosie**" a listen and help us get a chance at the work we know is out there!
